The Illinois Funds continued its performance momentum from last year to begin 2017 at a record pace. Taking advantage of a rising short-term rate environment, the Fund increased its quarterly rate of return by nearly 3 times, going from 0.237% in Q1'16 to 0.638% in Q1'17. Net investment income increased \$5,622,999.43 over the same quarterly period in 2016.

While economic circumstances may change and market conditions continue to be unpredictable, we are diligently working to maximize earnings and diversify investments for all participants.
