

2021 Annual Report

Michael W. Frerichs
ILLINOIS STATE TREASURER

Dear Illinois Residents,

In Illinois, the Treasurer is the state's Chief Investment Officer. The office invests money on behalf of taxpayers, college savers, and units of local government. The investment portfolio is \$52 billion. The investment approach is cautious to ensure the preservation of principal.

However, I strongly believe the state treasury must invest in people. That is why we provide tools so individuals can invest in themselves. These tools include savings plans for college and trade school, removing barriers to a secure retirement, helping people with disabilities save their own money for future needs, protecting residents from predatory companies, and making capital available to farmers, entrepreneurs, and neighborhood investment.

In Illinois, Fiscal Year 2021 is from July 1, 2020 to June 30, 2021. During this past fiscal year, our office made significant strides to benefit taxpayers and residents. They include:

College Savings: Bright Start college savings program continues to earn top honors by independent analyst Morningstar. Bright Start earned a gold rating, the highest rating, for the fifth consecutive year. An advisor-sold plan, Bright Directions, also is available. At the end of the fiscal year, about 780,000 account holders invested over \$17 billion to pay for certain expenses at a community college, college, university, or qualifying trade school.

Protecting Consumers: We continue our leadership role to prohibit retailers from using rebate cards that charge dormancy fees. These fees often deplete the entire value of a rebate card. This addresses the practice of retailers utilizing cards issued by national banks to avoid consumer protections under the Illinois Unclaimed Property Act.

Cannabis Banking: Recreational cannabis for adults 21 years of age and older became legal Jan. 1, 2020. Nevertheless, significant hurdles remain when offering financial services directly to enterprises that cultivate or dispense cannabis. Equally important, but less widely known, is that service providers to the cannabis industry such as landlords, attorneys, electricians, and plumbers potentially face banking hurdles. The Illinois Treasury continues to urge federal clarification while it provides capital to financial institutions seeking to enter this space. Previously, we convinced Illinois lawmakers to prohibit the state from issuing an order against, or prohibiting, penalizing, or discouraging a state bank or credit union from providing financial services to legitimate cannabis-related businesses.

Fighting for Families: Our unclaimed property unit safeguards more than \$3.5 billion in cash and valuables. Examples include bank safe deposit box contents or an undelivered paycheck or utility refund. Life insurance policies also are included. A record-shattering \$1.3 billion has been returned in the past six years.

Honoring Our Veterans: Military medals also are part of unclaimed property. Our efforts to locate these service members or their heirs continue after private entities failed for more than five years. These bittersweet reunions are profoundly moving and include Purple Hearts and Service Medals from military conflicts.

Letter From Illinois State Treasurer Michael W. Frerichs

Saving for Retirement: There is a retirement crisis in America. Secure Choice is one tool to address this emergency in Illinois. This retirement savings vehicle is not employer-based. Instead, it travels with the worker. Enrollment continued to grow this fiscal year. Approximately 95,000 workers saved their own money for their own retirement. Total assets under management was approximately \$67 million. When fully implemented, Secure Choice could create retirement savings for 1.2 million workers in Illinois.

People with a Disability: The Achieving a Better Life Experience (ABLE) investment accounts allow individuals with a disability to save their own money for their own care without jeopardizing federal benefits. The Illinois Treasury leads a multi-state alliance in this effort. During this past fiscal year, there were approximately 2,400 ABLE accounts in Illinois worth an estimated value of \$23 million.

Sound Investment for Local Governments: The Illinois Funds is a Local Government Investment Pool operated by the treasurer's office. At the end of the fiscal year, there were approximately 1,500 investment participants with a total value of approximately \$9 billion. Since 1975, The Illinois Funds has provided a safe, liquid, and competitive investment. The Illinois Funds has received Fitch's highest rating of AAmmf and is designed to augment, not replace, local banking relationships.

Sustainable Investing: The sustainable investing space continues to grow. Nationally, there are more than \$17 trillion in assets under management. This space also is called ESG investing because environmental, social, and governance factors are considered when evaluating risk. Ignoring risk invites ill-informed decisions and potential governmental regulation. The Illinois General Assembly agrees with our view and previously passed legislation that encourages all state and local entities that manage public funds to integrate sustainable investing factors into the investment decision-making process.

The Illinois Treasurer's Office invests money on behalf of the state, college savers, and units of local government. However, the Treasurer must also provide tools so that individuals can invest in themselves. I pledge to continue to be a responsible investment officer and to promote the tools of the treasurer's office that can help people save for college, retire with dignity, and have access to capital to pursue their dreams.

Sincerely,

Michael W. Frerichs
Illinois State Treasurer

Office Mission Statement

The Illinois State Treasurer's Office is dedicated to protecting the state's investment portfolio, ensuring the liquidity of all investments, and consistently producing earnings at or above industry standards.

Our investment decisions will promote education, access, and opportunity for individuals and governmental bodies across our state to give families the tools to achieve the American Dream.

The Treasurer's Office is committed to fulfilling this mission in a highly professional and ethical manner, while striving for transparency, efficiency, and preservation of public trust.

Investments, Banking and Finance

State Investments & Banking

State legislators budget public monies that are collected, but that money is not spent all at once. The Treasurer's Office is responsible for receiving and safekeeping public monies and managing the State Investments Portfolio, ensuring liquidity to meet the State's obligations and investing all remaining funds in authorized investments. The State Investments Portfolio, with total assets over \$19 billion, is an investment program with the following objectives: safety of principal, liquidity, diversification, return on investment, and to support community development efforts.

Furthermore, State Banking maintains numerous accounts with financial institutions to process deposits for check clearing, lockbox services, ACH transactions, depository and custodial services, and electronic payment transactions on the State's behalf. In fiscal year 2021, the State Banking Division processed \$207 billion in receipts and \$207 billion in expenditures on behalf of the State.

The Illinois Public Treasurers' Investment Pool ("The Illinois Funds")

Created in 1975, the Illinois Public Treasurers' Investment Pool (referred to as "The Illinois Funds") was the first local government investment pool established in the nation. The Illinois Funds enables communities across the state to pool and invest their money together in a fund to earn greater returns. The fund is comprised of over 1,500 participating entities with net assets over \$9 billion. The Illinois Funds is a safe, secure, highly liquid, diversified fund that holds Fitch's AAmmf rating, the highest fund rating possible.

ePAY

ePAY is a full-service electronic payment services product specifically designed for Illinois government agencies so they can quickly and securely receive monies through convenient, customized payment channels. Since 2002, ePAY has provided public agencies and state universities with safe, timely, and competitively priced solutions for credit/debit card and electronic check acceptance. Today, ePAY processes nearly \$3.4 billion in annual transactions for over 500 public agencies in the State. The Illinois Treasurer conducts and oversees product management, including customer service, marketing, and compliance.

Fiscal Operations

Fiscal Operations successfully performs daily, monthly, quarterly, and annual general accounting activities, including balancing the general ledger, processing accounts payable, reconciling bank accounts, compiling budget estimates for the appropriation process, and preparing financial statements. The team is also responsible for processing payment warrants, forgery claims and depositing unclaimed property, circuit clerk, estate tax, and other miscellaneous receipts. The Fiscal Operations Division continues to work toward its overall objective to provide accurate and timely general, budgetary, and financial reporting services to internal and external constituents.

Portfolio & Risk Analytics

Portfolio & Risk Analytics is responsible for managing several investment objectives, fiduciary duties, and strategic initiatives. This includes analyzing, modeling, forecasting, compliance, and reporting efforts for the internally managed investment portfolio. The division monitors portfolio performance, identifies and mitigates risk exposure, and seeks investment opportunities that offer financial value creation. As such, they assess existing and prospective debt issuing counterparties for investment suitability and report on financial strength such as creditworthiness, financial performance, and potential factors that may have a material financial impact on the safety and/or performance of our investments. The eligibility and suitability of existing and prospective broker/dealers is examined to identify financial performance, compliance with regulators, and other risks. They employ internal quantitative and qualitative models to measure risk utilizing market best practices of data and relative analysis to ensure financial application measures up against self-performance, industry peers, and the overall market. Investment recommendations are formally presented to the investment committee and portfolio managers that helps guide the investments of the Treasurer's Office.

Investment Analysis & Due Diligence

Investment Analysis and Due Diligence is responsible for monitoring externally managed portfolios and investment funds within the investment vehicles of the Treasurer's Office, including, but not limited to, the 529 College Savings Programs, Secure Choice Retirement Savings Program, the Illinois Growth and Innovation Fund (ILGIF), and the Illinois Achieving a Better Life Experience (ABLE) program. This team is responsible for the selection, assessment, portfolio management, and integration of sustainability factors for all prospective and current investment managers. The team continually reviews investment framework/design,

portfolio construction, manager selection, asset allocation and modification, investment analysis, economic impact, investment policies/objectives and management structures and helps guide decision-making regarding the continued appropriateness of investment managers, policies, and program structures.

Corporate Governance & Sustainable Investment

In order to fulfill the fiduciary and mission objectives, the Corporate Governance & Sustainable Investment manages and executes a number of core investment policies that apply across the Treasurer's Office programs, including: (1) maximizing participation of qualified investment firms owned by minorities, women, veterans, or disabled persons (MWVD Program); (2) providing preference to investment firms with corporate headquarters located in Illinois (Illinois-Headquartered Program); and (3) integrating sustainability factors into the investment decision-making process in order to enhance the long-term value of the Office's investments (Raising The Bar Program).

Invest in Illinois

Community Development Linked Deposits

Through the Community Development Linked Deposit Program (Linked Deposits), the Treasurer's Office deposits money in approved financial institutions at a below-market rate. Those financial institutions, which include community banks, credit unions, and savings and loan companies, then use that money to provide loans to qualified borrowers pursuant to the guidance and terms of the Treasurer's Office.

In the end, the Treasurer's Office earns an investment return on the money deposited, participating financial institutions earn interest on the money lent, and qualified borrowers in Illinois gain access to reduced-cost loans they can use to expand their business or improve their farm.

As the State's Chief Investment Officer, the State Treasurer has a tremendous opportunity to generate investment earnings while simultaneously promoting community development and economic growth here in Illinois. The Treasurer's Office is particularly focused on championing, growing, and investing in underserved areas of Illinois, including rural small towns, suburban communities, or large city centers. Not only are there investment opportunities in these communities, there are opportunities for job creation, business growth, and long-term economic prosperity.

Ag Invest

For over 38 years, the Treasurer's Office has facilitated loan opportunities for Illinois farmers through Ag Invest. Treasurer Frerichs has been committed to our Illinois agriculture partners across the State and continues to offer a program that provides valuable resources to today's farmer.

Ag Invest FY 21

Annual Ag: \$89,773,500/ 457 Borrowers
Long-Term Ag: \$414,125/ 12 Borrowers

Cream of the Crop

The Ag Invest Program celebrated its 9th annual Cream of the Crop Photo Contest to encourage Illinois youth to get more involved in agriculture. Children of various age groups submitted agriculture-related photographs taken by them. This year, the Treasurer's Office received a record number of entries -- over 200 photos submitted for judging. The contest was judged by a panel of individuals from the education and agriculture industry. The winners' artwork was featured in the Treasurer's tent at the 2021 Illinois State Fair, Ag Invest Program Calendar and other marketing materials.

Business Invest

Business Invest – Illinois Small Business COVID-19 Relief Program is an impact investment loan program under which the State Treasurer made up to \$500 million in deposits available to banks and credit unions throughout the State, at near-zero rates, to assist Illinois small businesses and non-profits negatively affected by the COVID-19 pandemic. The purpose of this funding is to provide vital economic support

to small businesses and non-profits throughout Illinois to help overcome the loss of revenue they experienced.

Through this program, the Treasurer's Office partners with approved financial institutions to provide loans -- either lower rate loans, or loans that they would not otherwise qualify for -- to Illinois small businesses and non-profits impacted by the COVID-19 pandemic.

The State funds are deposited with qualified financial institutions for a 1-year term at a near-zero deposit rate of 0.01% (0.0001). These funds facilitate affordable loans (not to exceed 4.75%) to small businesses and non-profits to be used to provide bridge funding, pay fixed debts, payroll, accounts payable and other bills.

Business Invest – Community Uplift Program (CUP) offers qualified financial institutions that operate in designated areas (i.e. Illinois Enterprise Zones, Opportunity Zones, Low-Income Communities) access to State impact investment capital at a lower rate, in the form of a time deposit. This gives community banks, local credit unions, and savings and loan institutions in areas of economic development access to additional financial resources, which positions them to increase lending efforts to businesses and spur economic activity.

Business Invest FY 21

Small Business COVID-19 Relief Program: \$91,360,000 /
7 Participating Institutions

Community Invest

Community Invest – Opportunity Illinois is a consumer-focused loan program. The program offers qualified financial institutions that operate in designated areas (i.e. Illinois Enterprise Zones, Opportunity Zones, Low-Income Communities) access to State impact investment capital at a lower rate, in the form of a time deposit. This gives community banks, local credit unions, and savings and loan institutions in areas of economic development access to additional financial resources, which positions them to increase lending efforts to individuals and spur economic activity.

Community Invest – Cannabis Banking Services Program is a community development program that offers qualified banks and credit unions access to state impact investment capital at a lower rate, in the form of time deposits. This gives banks and local credit unions additional financial resources to support the implementation or expansion of basic banking services to legal cannabis-related businesses in Illinois. In turn, this allows

cannabis-related businesses, their employees and the ancillary businesses that support them to: (1) make deposits; (2) write checks; (3) enable payroll; (4) permit electronic payments; (5) conduct other related banking services to facilitate cash deposits and the payment of taxes, fees and other charges; and (6) execute a number of banking activities promptly and accurately. Furthermore, this also promotes fraud deterrence, anti-money laundering efforts, and decreased danger of crime or other loss made possible by the possession of significant amounts of cash on business premises.

Through this program, the Treasurer's Office partners with approved financial institutions to provide banking services to a cannabis-related business that would not otherwise have access or have limited access to banking services due to federal government statutes.

This program enables cannabis-related businesses access to banking services that help build operational capacity and better serve their communities. Cannabis-related businesses would be able to transition from an all-cash cannabis market to a fully banked, regulated, and transparent market.

Investing in the Illinois Economy

Illinois is the Midwest's Technology Hub

Established by Treasurer Frerichs, the Illinois Growth and Innovation Fund (ILGIF) is an evergreen, \$1 billion impact investment fund that will invest in ways to attract, assist and retain quality technology-enabled businesses in Illinois. The Treasurer's Office does this by making targeted investments with venture capital (VC), growth equity and private venture debt firms with a nexus to the State of Illinois.

History

Legally named the Technology Development Account I (TDA I), lawmakers in 2002 authorized the initial round of \$74 million in investments to Illinois venture capital firms. TDA I created approximately 6,300 jobs and generated more than \$150 million in private investment.

Lawmakers in 2011 authorized a second round of TDA funding, called TDA II. However, the treasury did not act on the authorization. In 2015, Treasurer Frerichs, used the TDA II authority to establish and launch the \$222 million ILGIF investment fund and began making investments in 2016.

In 2018, Treasurer Frerichs announced an increase to the amount of investment capital available in ILGIF, increasing

the total to approximately \$1 billion in available investment capital over 10 years from the State's existing investment portfolio. ILGIF was structured as an evergreen fund designed to allocate capital on a recurring basis, in perpetuity, to be invested with Illinois venture capital, growth equity and private venture debt investment firms.

Illinois Growth and Innovation Fund (ILGIF) Goals

1. Deliver strong investment performance for Illinois
2. Drive economic development for Illinois
3. Foster a more connected, inclusive and engaged entrepreneurial and venture community in Illinois
4. Support diversity and inclusion to enable fund managers to grow promising tech-enabled companies
5. Integrate sustainability factors to increase expected financial returns and minimize projected risk

ILGIF Projected Impact

While investment performance is a key goal, ILGIF also seeks to be an economic development catalyst. Investments through ILGIF are expected to create approximately 60,000 jobs in Illinois and attract significant private-sector capital, which will further spur interest across the Midwest, positioning Illinois as the anchor to the Midwest tech and entrepreneurial ecosystem.

Leveling the Playing Field

A core tenet of Treasurer Frerichs’ mission is to promote education, access, and opportunity for individuals and governmental bodies across our State to give families the tools to achieve the American Dream.

Treasurer Frerichs has made equity, diversity and inclusion a priority office-wide. Treasurer Frerichs’ investment strategy, Raising The Bar, integrates sustainability factors into investment decisions to reduce risk exposures and maximize returns for the people of Illinois. This includes a focus on investment risks and opportunities related to corporate governance, environmental factors, social capital, human capital, and business model features.

Focus on Diversity

Treasurer Frerichs believes that our government should mirror the great diversity in our State. Furthermore, diversity is good for business. The Treasurer’s Office has made great strides to ensure inclusion and provide more opportunities for minority, women, veteran, and disabled (MWVD) firms.

Among Treasurer Frerichs’ top priorities is to continue to transform the Office’s culture, policies, and operations to help ensure equal opportunity.

Increasing Business with MWVD Broker/Dealers:

From 1% to 77%. The Treasurer’s two internally managed investment programs, the State Investment Portfolio and Illinois Public Treasurers’ Investment Pool (also referred to as “The Illinois Funds”), are made up of direct purchases and brokered investments. Tapping diverse-owned broker/dealers is one of the quickest and best ways to ensure MWVD participation. Recent numbers emphasize our sustained progress in this area:

- Since 2015, the Treasury increased utilization of MWVD broker/dealers from 1% to 77%.
- Total assets brokered with MWVD firms exceeded \$39 billion in FY 2021.

Year-by-Year Comparison of Assets Brokered by MWVD Firms
FY 2014 – FY 2021

State Investments + Illinois Funds	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021
Assets Brokered by MWVD Firms	\$603 million	\$4.2 billion	\$24.3 billion	\$24.0 billion	\$35.3 billion	\$45 billion	\$43.1 billion	\$39.7 billion
Total Assets Available	\$60 billion	\$74.0 billion	\$40.6 billion	\$37.9 billion	\$46.6 billion	\$50.7 billion	\$46.9 billion	\$51.7 billion
% Brokered by MWVD Firms	1.0%	5.7%	59.9%	63.2%	75.8%	88.8%	92.1%	76.8%

ASSETS BROKERED BY MWVD FIRMS FY2014 - FY2021

\$216 Billion brokered under Treasurer Frerichs

Increasing Business with MWVD Asset Managers: From \$18 million to \$3.3 billion.

The Illinois Treasurer has made tremendous strides expanding the use of MWVD asset managers. In December 2014, the month prior to when Treasurer Frerichs came into office, Illinois Treasurer had \$18 million under MWVD asset managers. As of June 2021, the Illinois Treasurer had over \$3.3 billion with MWVD asset managers. That represents a 183-fold increase.

- Garcia Rule: Mandatory Inclusion of MWVD Firms in Investment Searches. The Illinois Treasurer maintains a

requirement that helps ensure purposeful recruitment of diverse candidates and requires the Illinois Treasurer to interview at least one diverse candidate before the final selection of a candidate for any investment manager search in any program overseen by the Treasurer

- 30% for MWVD Broker/Dealers. All managers of separately managed investment portfolios under the Illinois Treasurer are required to direct at least 30% of total commission dollars to MWVD broker/dealers, preferably Illinois-based, to increase opportunities to qualified firms.

ASSETS MANAGED BY MWVD FIRMS

December 2014 to June 2021

(183-fold increase from December 2014)

Treasurer Frerichs Sworn In

Period of focus on increasing usage of MWVD

Closing the Gender and Racial Divide

Board Diversity. Diverse corporate boards are more successful than non-diverse boards. As such, Treasurer Frerichs continues to help women and persons of color break the glass ceiling and get more opportunities.

- *Treasurer Frerichs Calls on Russell 3000 Companies to Disclose Board Diversity Data* – The Illinois Treasurer is leading an investor initiative asking that all companies in the Russell 3000 Index disclose the makeup of their boards of directors – inclusive of gender, race and ethnicity – given the correlation between board diversity and long-term performance. Launched in October 2020, the initiative includes 26 investor organizations representing over \$3 trillion in assets under management and advisement.
- *Midwest Investors Diversity Initiative* – The Illinois Treasurer is the leader of the Midwest Investors Diversity Initiative (MIDI), a 16-member investor coalition with over \$820 billion in assets under management and advisement, working to increase gender and racial diversity on corporate boards. Since launching in 2016, MIDI has undertaken 75 company engagements. Among the companies engaged, 90 women and persons of color have received board appointments and 34 companies have adopted a diverse search policy.
- *Thirty Percent Coalition* – Since 2018, the Illinois Treasurer has been actively involved on the Board of Directors of the Thirty Percent Coalition, which is comprised of over 90 members with over \$7 trillion in assets under management. This coalition is committed to the goal of advancing women, including women of color, on boards of public companies. As a leader of the Thirty Percent Coalition, the Illinois Treasurer and fellow investors have successfully engaged over 400 companies that have now appointed women to their boards.
- *Calling on the Federal Government to Require More Consideration for Women, People of Color and LGBTQ+ Individuals on Corporate Boards and Executive Positions* – The Illinois Treasurer continues to encourage policymakers to adopt common-sense, cost-effective policies to increase diversity and inclusion among corporate boards, leadership positions, and in the asset management industry. Treasurer Frerichs testified before the SEC's Asset Management Advisory Committee in

September 2020, advocating for board and workforce diversity disclosures and the inclusion of diverse investment firms in search processes (i.e. the Garcia Rule). Treasurer Frerichs also issued a comment letter to support Nasdaq's proposed listing rules related to board diversity, which will increase standardization, transparency, and disclosure on a material board attribute.

- *Advancing Equity in Banking* – Treasurer Frerichs and Chicago City Treasurer Melissa Conyears-Ervin created the Advancing Equity in Banking Commission (AEBC) to push banking institutions to commit to advancing equity and eliminate systemic racism in the banking industry through equitable hiring, lending, and investment in Black communities.
- *Proxy Voting* – The Illinois Treasurer exercises its proxy voting rights to support proposals to increase board diversity, gender pay gap reporting, and the inclusion of diversity as a performance metric for CEO pay. In 2020, the Illinois Treasurer voted against 521 directors due to a lack of gender diversity on the board. The Illinois Treasurer also cast votes in favor of 14 shareholder proposals aimed to increase board diversity in 2020.

Enforcing Community Reinvestment Act Standards

Since 2015, the Illinois Treasurer reviews a banking institution's record of commitment to its community when deciding whether to do business with that financial firm. Banking institutions with a Community Reinvestment Act (CRA) rating below "satisfactory" are now ineligible to do business with the Office.

- *Suspended Two Banks for Poor Performance* – In June 2015, the Illinois Treasurer cut off investments to two Illinois banks for failing to meet Community Reinvestment Act (CRA) requirements.

Procurement: Advocacy for Aspirational Goals for MWVD Businesses

Treasurer Frerichs spearheaded the passage of Senate Bill 2363, sponsored by Sen. James Clayborne and Rep. Will Davis, which became law on Aug. 19, 2018. Under the new law, the Illinois Treasurer must aspire to use MWVD businesses for no less than 25 percent of contracts and investment-related activities. It also authorizes the Illinois Treasurer to incorporate preferences in the procurement process for MWVD firms, requires a review of a financial institution's Community Reinvestment Act (CRA) rating, and requires the

Illinois Treasurer to create and publish an annual report of the utilization of MWVD firms.

- *Current Procedures* – The Illinois Treasurer currently includes detailed questions regarding diverse ownership in its Requests for Proposals (“RFPs”). These questions allow the Illinois Treasurer to better understand which communities are competing successfully as well as those that may be falling short.
- *Utilization Rates* – The Illinois Treasurer has taken steps to improve data collection by improving communication internally between departments and externally with contractors. Following this improved communication, there has been an increase in responses to requests for diversity data, and the accuracy of the existing active contracts has improved. Out of 75 contractors, the Illinois Treasurer obtained the MWVD status of 55, with 19 claiming MWVD status. This shows a significant increase in the data obtained regarding contractors to the previous fiscal year. In addition, slightly more than 25% of the contractors claim MWVD status, which is a 5% uptick from the prior fiscal year. While several responsive contractors from the previous year did not respond to a data request this year, many new contractors released their data for the first time.

360-Degree Review of Business Partners

Since 2017, all financial and investment firms seeking to do business with the Illinois Treasurer must disclose how their firm promotes equity, diversity, and inclusion. This includes a 360-degree evaluation, conducted annually through the Office’s “Equity, Diversity, & Inclusion Assessment,” of diversity among its board or owners, executive leadership, workforce, supplier network, and community activities. This evaluation leverages data and information already disclosed to the Equal Employment Opportunity Commission, which divulges the various types of roles at a company (e.g. executives, managers, professionals, technicians, sales, clerical, labor, etc.) by race, ethnicity and gender.

Diversity Goals in the Illinois Growth and Innovation Fund

The Illinois Growth and Innovation Fund is an impact investment fund aiming to invest approximately \$1 billion in ways that attract, assist and retain quality tech-enabled businesses in Illinois. As of March 2021, of the \$430 million committed to Illinois venture capital firms under ILGIF, \$186 million has been committed to MWVD-operated venture capital firms. Also, investments from ILGIF fund managers have supported more than 110 diverse-owned portfolio companies to receive funding as of December 31, 2020.

Raising the Bar: The Treasurer's Sustainable Investment Strategy

Making Prudent Choices. Investing means making choices. For the investment officers at the Office of the Illinois State Treasurer, it means choosing investments that are risk-appropriate, high-performing, and meet or exceed the benchmark. It means making investments that reflect our commitment to sustainability, inclusion, and sound corporate governance. With these factors, we boost our investment returns and strengthen the economic well-being of Illinois citizens and institutions.

Sustainability Factors. We at the Treasurer's Office know that to fulfill our fiduciary duty and maximize returns, we need to focus on more than just short-term gains and traditional indicators. Additional risk and value-added factors that may have a material and relevant financial impact on the safety and performance of our investments need to be integrated into the decision-making process. These material sustainability factors include (1) environmental; (2) social capital; (3) human capital; (4) business model and (5) leadership and governance factors.

Raising The Bar puts this philosophy in practice. Over the past two years, the Illinois Treasurer has been busy capitalizing on opportunities to grow the \$50 billion investment portfolio while achieving results on sustainability issues. The Illinois Treasurer continues to actively engage corporate decision-makers, work with other institutional investors, vote by proxy, weigh in on public policy, and communicate the multi-faceted benefits of sustainable investing.

Getting Results. Under the leadership of Treasurer Frerichs, here are highlights of the results we have achieved to date:

- *Sustainability Fully Integrated across the Treasurer's Investment Programs* – The Illinois Treasurer formalized policies and processes to better integrate sustainability factors in the review of debt issuers, fund managers, equity holdings, and all due diligence activities.
- *Passage of the Illinois Sustainable Investing Act* – Spearheaded by Treasurer Frerichs, Illinois became the first state in the nation to pass a law establishing a framework for public fund managers to integrate sustainability factors in their investment portfolios. The law took effect on January 1, 2020.

- *Conducted 100+ Sustainability Analyses of Individual Companies* – Using a customized assessment process that draws on a combination of internal analysis and external reporting, our office developed sustainability grades for over 100 companies in 2020 as part of the approval process of debt issuers.
- *Conducted 50+ Sustainability Analyses of Investment Managers* – Our office conducted a comprehensive evaluation of all our investment managers in 2020 to assess and compare how, and to what, extent each integrates sustainability factors within their core processes.
- *Engaged 3,700+ Companies on Material Sustainability Issues* – We conducted 26 principal engagements with individual companies in which we invest, and we supported over 3,700 coalition-based engagements in 2020 on a range of material sustainability topics, including board diversity, human capital management and climate change.
- *Addressing Climate Risks and Opportunities* – The Illinois Treasurer is taking numerous actions to address the systemic financial risks associated with climate change, including engaging major carbon emitters directly, encouraging large asset managers like Vanguard to use their proxy votes to address climate risks, and investing \$70 million directly in green bonds.
- *Launched the Russell 3000 Board Diversity Disclosure Initiative* – The Treasurer's Office launched and are leading an investor initiative asking all companies in the Russell 3000 Index to disclose the makeup of their boards of directors – inclusive of gender, race and ethnicity – given the correlation between board diversity and long-term performance. The initiative includes 26 investor organizations representing over \$3 trillion in assets.
- *27,306 Proxy Votes Cast at 2,964 Annual Meetings* – Our office voted on 25,580 proposals on corporate proxy ballots in 2020 at 2,964 annual stockholder meetings.

Growing Illinois Businesses and The State's Economy

Illinois-Based Broker/Dealers

The Treasurer's Office utilized Illinois-based investment firms to broker over \$33.4 billion in assets in FY 2021.

Illinois-Based Asset Managers

The Illinois Treasurer seeks to maximize the use of Illinois based asset managers across all pertinent programs, including the State Investment Portfolio, The Illinois Funds Local Government Investment Pool, 529 College Savings Plans, and Illinois Growth and Innovation Fund. The Illinois Treasurer utilizes Illinois-based investment firms to manage over \$2.8 billion as of June 2021. This increase compares to \$406 million in January 2015, which represents over an 690% increase.

Illinois Growth and Innovation Fund

The Illinois Growth and Innovation Fund (ILGIF) invests in ways that attract, assist and retain quality tech-enabled businesses in Illinois. ILGIF aims to invest approximately \$1 billion on a recurring basis creating an estimated 60,000 jobs per investment cycle. The investment is expected to attract more than \$2 billion in additional private-sector money, which will further spur interest in the Midwest tech and entrepreneurial scene. Since inception, ILGIF has already help create over 4,300 new full-time Illinois based jobs, generated over \$9.2 billion of invested capital in Illinois tech companies, and contributed to \$31.2 billion in aggregate GAAP revenue.

Making Money for the People of Illinois

As an asset manager that invests money on behalf of Illinois constituents, Treasurer Frerichs is laser-focused on obtaining the best risk-adjusted return for the people of Illinois. The Treasurer’s Office has evidence of outperformance, cost-savings, and an enterprising spirit that seeks to elevate individuals and government bodies across the State.

State Investments

The numbers tell the story. If you look at state investment returns you will see that monthly returns increased from 0.45% in January 2015 to 1.01% in June 2020.

State Investment Earnings for FY 2021
\$81 million

This is the direct result of the Treasurer’s investment strategy. After a review of past practices and the State’s statutory investment restrictions, the Treasurer’s Office successfully implemented real-time solutions to capitalize on market conditions and increase earnings – all while fulfilling the Treasurer’s obligations of preservation of capital and liquidity. These accomplishments can be attributed to:

- Implementation of an investment strategy that prioritizes investments in higher-yielding investments and extended maturities to match expected liabilities;
- Additional investment asset classes, including corporate bonds and municipal bonds;
- External money managers with expertise in higher-yielding asset classes; and
- Increased pool of eligible companies, including Illinois-based and Minority, Women, Veteran and Disabled-owned firms, from which the Treasury can purchase fixed

income securities, thereby providing more opportunities for diversification and higher earnings.

These changes have produced tangible benefits for Illinois agencies and the people they serve. \$1 billion in investment earnings has been attained since January 2015, making more money available for State programs and reducing the burden placed on the State’s limited tax revenues.

Illinois Public Treasurers’ Investment Pool

The Illinois Public Treasurers’ Investment Pool (IPTIP, or also referred to as The Illinois Funds) is a AAA-rated local government investment pool operated by the Treasurer for State and local government agencies. Investing together generates economies of scale typically not available if participants invested alone. Thus, the program provides a critical service for State and local agencies, enabling them to invest their money in a safe, liquid investment vehicle that exceeds industry benchmarks. The fund balance typically is about \$9 billion. The IPTIP gross monthly returns increased from 0.01% in January 2015 to 0.104% in June 2021.

IPTIP Investment Earnings for FY 2021
\$9 million

Increased earnings are a direct result of the Treasurer’s enhanced investment approach. The investment strategy prioritizes higher-yielding investments and extended maturities to match expected liabilities; increase to the pool of eligible companies from which the Treasury can purchase fixed income securities, thereby providing more opportunities for diversification and higher investment earnings.

FISCAL YEAR	State Investments	IL Funds	TOTAL
FY 2015	\$49,052,640	\$5,235,320	\$54,287,960

ePAY: More Options and Services

What is ePAY?

ePAY is a full-service electronic payment program specifically designed to provide Illinois governments the ability to safely accept credit card, debit card, and electronic check (ACH) payments at an affordable cost.

Key Benefits:

- *Speed and Convenience* – Participants can accept payments online, over-the-counter, or via an automated phone system using secure and convenient payment services. All payment services can be customized for efficiency or to maximize customer engagement with recurring bill pay, e-receipts, and more.
- *Security and Compliance* – All payments are collected in a manner consistent with the Deposit of State Moneys Act (15 ILCS 520), the Local Government Acceptance of Credit Cards Act (50 ILCS 345), PCI Data Security Standards, NACHA guidelines, and prevailing credit card industry rules. Participation in ePAY includes PCI support and administration tools at no additional cost.
- *Competitive Pricing* – ePAY offers multiple pricing options to fit each government's needs. Whether you pass the processing fee to your constituents or absorb the fees, your agency has control over the costs of electronic payment acceptance.
- *Settlement Bank Options* – ePAY funds can be swept directly into an Illinois Funds investment account(s) or deposited to a settlement bank of your choosing.
- *Customer Care* – Participants and constituents have access to 24/7 customer support through a dedicated customer help desk and online ticket portal. 95% of participant tickets are resolved within one business day.
- *Easy Application* – No contract or request for proposal required. Just complete our enrollment application and government agencies in Illinois can leverage economies of scale provided by the Treasurer's master processing contract.

Unclaimed Property

Treasurer Frerichs works each day to protect consumers.

As part of the Illinois Treasurer’s Unclaimed Property Division, the I-Cash program connects State residents and businesses with their unclaimed money including lost bank accounts, insurance policy proceeds, and unused rebate cards.

The Unclaimed Property Division recovers hundreds of thousands of properties each year from government agencies, banks, insurers, utilities, and other companies across the country that have been unable to return the properties to their rightful owners.

In FY 2021, the Unclaimed Property Division saw more than 2.1 million properties reported that were associated with more than 2.2 million owners.

Since 2015, more than \$1 billion in unclaimed property has been returned, the most that has been returned in the program’s 58-year history.

The \$1 billion milestone was possible because Treasurer Frerichs prioritized changes in technology, efficiency, and state law to streamline the unclaimed property process.

“Government needs to work smarter. The numbers show our improvements to the unclaimed property program created a faster, better, and more efficient service,” Frerichs said.

During FY 2021, \$338,007,884.10 in cash and 58,751,053 in shares were reported and remitted to the State Treasurer as unclaimed property. This total includes \$309,488,946.99 in cash and 58,349,239 in shares that were voluntarily remitted and \$28,518,937.11 in cash and 401,814 in shares that were remitted pursuant to an examination.

The total amount of property returned to the Illinois residents in FY 2021 was \$226,628,901.78, including \$187,664,965.59 in cash and \$38,963,936.19 in securities value.

The amounts expended from the State Pensions Fund in FY 2021 were as follows:

State Universities Retirement System (SURS):	\$215,000,000
Treasurer’s Office Operational Expenses:	\$14,553,220
Auditor General:	\$500,000
Total:	\$230,053,220

College Savings Programs

Bright Start and Bright Directions are the 529 College Savings programs administered by the Illinois State Treasurer's Office. Families in Illinois and across the country are participating in Bright Start and Bright Directions to save for the rising cost of college expenses.

Under Treasurer Frerichs, the Illinois College Savings Programs have received national recognition for their quality and price. In 2020, Bright Start received the Gold rating for the fourth year in a row from Morningstar – making Bright Start one of only two 529 plans in the country to be rated as Gold the past four years in a row. In 2020, Bright Directions again received the highest rating assigned to advisor-sold plans.

Treasurer Frerichs has focused on regularly reducing fees for participants. Since taking office in 2015, total fee reductions in Bright Start and Bright Directions are estimated to have saved more than \$100 million and over \$30 million annually going forward; meaning millions more in investment dollars going directly to college savings.

In 2021, the program management fee in Bright Start was reduced for the second time in only 18 months, leading to an estimated \$500,000 in annual savings by Bright Start participants.

Families can use these tax-advantaged investment plans to pay for qualified higher education expenses associated with attending accredited post-secondary institutions, from vocational schools and community colleges, to public and private colleges and universities.

Qualified higher education expenses include tuition, room and board, books, fees, computers, supplies, and equipment

required for enrollment for a student who is carrying at least half the normal full-time course load. Administered by the Treasurer's Office, both Bright Start and Bright Directions offer a variety of investment options including age-based, target-date and individual fund portfolios.

Bright Start

With over \$9.5 billion in assets under management and over 390,000 accounts, Bright Start offers a wide range of investment choices for both hands-off and do-it-yourself investors. Morningstar awarded Bright Start a Gold Medal Rating for the fourth year in a row. In their accolades for Bright Start, Morningstar said that "Illinois' Bright Start Direct-Sold College Savings Program became a topnotch plan following a complete overhaul in July 2017." To learn more, visit www.brightstart.com.

"Illinois Bright Start Direct-Sold College Savings Program boasts an attractive menu, good state oversight, and competitive fees. It remains a top choice for college savers."

- Morningstar, October 2020 (Bright Start)

Bright Directions

Bright Directions is one of the top two financial advisor-sold 529 plans in the country. It boasts over \$7 billion in assets under management for over 400,000 accounts. This plan offers more than 40 different age-based, target-date, and individual portfolio options and 15 Exchange-Traded Fund (ETF) Portfolios. In 2020, Morningstar awarded Bright Directions the Bronze Medal, the highest rating awarded to an advisor-sold 529 plan. The plan has received accolades as one of the top performing advisor-sold programs in the nation. In its analysis Morningstar highlighted "the state's focus on fees and continuous improvement" of the plan. To learn more, visit www.brightdirections.com.

IL ABLE: Achieving a Better Life Experience

The Treasurer's Office helps to empower people with disabilities and their families to invest in themselves and help to achieve their personal goals.

The Illinois "Achieving a Better Life Experience" or IL ABLE Plan offers a savings and investment account that eligible people with disabilities can own to save for qualified disability expenses without losing, or losing eligibility for, their federal means-tested benefits programs, such as SSI, SSDI and Medicaid.

Earnings and withdrawals on IL ABLE accounts are tax-free as long as they are used for qualified disability expenses such as therapy, education and training, accessible equipment, housing, transportation, assistive technology, medical and dental care, financial and legal services, daily living expenses and more. The easy-to-manage investment and checking options offered by IL ABLE give account owners flexibility and freedom to help take care of today's expenses and to save and invest for their future.

Since launching IL ABLE in January 2017, the Treasurer has helped families save approximately \$23 million with IL ABLE. Illinois is a leader of the National ABLE Alliance (NAA), an 18-member bi-partisan consortium of states and the District

of Columbia, who work together to provide people with disabilities across the nation a high-quality, low-cost ABLE program. The NAA represents more than one-quarter of the ABLE-eligible population nationwide.

"IL ABLE allows us to save for Alex's future. The ability to save for his future without worrying about impacting benefits in the future helps our family know it is the right thing to do!"

- Lauren, Alex's Mom & Authorized Individual for his IL ABLE account, Olney, IL

Illinois Secure Choice

Retirement Savings Program

Illinois Secure Choice: A Path to Retiring with Dignity

More than 1.2 million Illinois workers do not have access to a retirement savings option at work, but a law passed in 2015 creating the Illinois Secure Choice Retirement Savings Program (Secure Choice) will make it easier for them to save for their golden years.

Secure Choice creates a retirement savings program for private-sector workers who lack access to an employer-sponsored plan. Employees can save for their own retirement through automatic payroll deductions that flow into professionally-managed Roth Individual Retirement Accounts (Roth IRAs). Employers can provide a retirement savings benefit without the burden of heavy administrative costs or responsibilities. Not only is Illinois Secure Choice open to employees who work for an eligible employer, the program is available to anyone who wants to enroll on their own and start saving. The employer's role is limited to enrolling employees, transmitting information to the program, and remitting payroll contributions on behalf of their employees.

Secure Choice currently applies to employers with 25 or more employees, that have been in business for two years or more, and do not offer a qualified retirement savings plan. Beginning in 2022, the program will cover all employers with five or more employees. Small businesses can register now and not wait for their deadline. Employers are assigned to different onboarding waves based on their total number of employees and are required to begin facilitation of the program before

their assigned deadline. Employees are automatically enrolled in the program at a 5% contribution rate into a Target Date Roth IRA, but may select a different investment option, a higher or lower contribution amount, or can opt-out of the program entirely. In addition, the program will enable an automatic escalation feature that increases the savings rate 1% each January starting in 2022 until it reaches 10%, unless employees choose otherwise.

Secure Choice is overseen by a seven-person bi-partisan board, but a private-sector financial services firm is responsible for all recordkeeping and overall day-to-day aspects of program administration. The Treasurer serves as chair of the Secure Choice Board and his office provides administrative support to the program.

Secure Choice formally launched in the summer of 2018 with a small group of pilot employers followed by a multi-step phased implementation based on the size of the business. Wave One took place in November of 2018 for employers with 500 or more employees. Wave Two occurred in July of 2019 for employers with 100 – 499 employees and Wave Three was completed in the fall of 2019 for employers with 25-99 employees. Since launch, Secure Choice has helped over 95,000 workers save near \$67 million dollars for retirement. With over 6,300 registered employers, the program has brought retirement savings access to workers in all 102 counties across Illinois.

Nationally, approximately half of working Americans do not save for retirement, according to the Survey of Income and Program Participation by the U.S. Census Bureau. Of those who do not save, 84 percent work for an employer that does not offer a retirement savings vehicle.

Charitable Trust

Charitable Trust Stabilization Grants

The Charitable Trust Stabilization Fund was created in 2007 to help small non-profits across Illinois. Money for the fund comes from the filing fees not-for-profit organizations pay to incorporate with the State of Illinois. The program is funded by non-profits and exists to support non-profits.

The program is intended to help small non-profits with annual budgets of \$1 million or less and special attention is given to applicants located in areas where pervasive poverty, unemployment, and economic distress exists.

For FY 21, the grants were primarily focused on food and housing programs, which were experiencing increased demand due to the COVID-19 pandemic. In response, the Treasurer's Office expanded the number of grant awards to maximize the impact the program would have in providing food and housing assistance across the state.

Twenty-nine (29) grants were awarded for the Fall 2020 cycle, in the areas of Food and Housing, and 10 grants were awarded in the Spring 2021 cycle in the areas of Food, Housing, and Workforce and Economic Development.

Fall 2020 Grantees

Total Applicants: 99
Total Grantees: 29
Total Grant Awards: \$356,453
Average Award Size: \$12,291

Spring 2021 Grantees

Total Applicants: 90
Total Grantees: 10
Total Grant Awards: \$201,307
Average Award Size: \$20,130

MONEY MINDED *illinois*

Illinois State Treasurer

Financial Literacy and Education

Financial literacy and education remains central to the mission of the State Treasurer's Office. The Office has launched the following programs to help combat the lack of personal finance skills that is so staggering in society today.

Money Minded Illinois

In 2018, we launched Money Minded Illinois, a financial literacy program that is entirely free to all teachers and school districts in the State of Illinois. We partnered with Econ Illinois (a nonprofit that specialized in economic education for over 50 years) to develop and write a financial literacy curriculum.

The curriculum is designed for grades 1-12, incorporates reading, writing, math, and inquiry skills along with financial concepts, and is aligned to meet state standards. The materials are designed to help teachers implement the standards in their classrooms.

By using the curriculum, teachers can cover several standards at once and have the flexibility of choosing to teach each part of a lesson for their grade level or pick a few activities they think their students may enjoy. The curriculum is available both online and in print and can be accessed at www.moneymindedillinois.com.

Illinois Financial Wellness Hub

Illinois Financial Wellness Hub

As part of an initiative by the National Association of State Treasurers (NAST), our Office was one of 24 government agencies to be awarded a grant to establish a new state employee financial wellness program. In 2020, we launched the Illinois Financial Wellness Hub, a financial wellness pilot program dedicated to improving the personal finances of State of Illinois employees, retirees, and their family members.

To deliver the program, we partnered with Central Management Services (CMS), the administrator of the State's Deferred Compensation Plan, and the UIC Center for Economic Education (a research center that provides financial literacy and education to families, teachers, and community organizations).

The online hub offers on demand tools and resources including articles, videos, webinars, and access to certified finance coaches. The program is powered by Enrich, a financial education software company that is used by more than 20,000 employers and 300 financial institutions.

Investment Policies

The Office of the Illinois Treasurer is responsible for the creation, revision, implementation, and publication of various [investment policies](#), each relevant to a particular investment program under the purview of the Treasurer.

These policies reflect statutory requirements as well as the policy and programmatic objectives of the Office of the Illinois Treasurer.

As such, they provide an appropriate set of guidelines and procedures for the operation of state investment programs with regard to investment objectives, investment parameters, administrative responsibilities, contractual needs, and reporting requirements.

[Click here to view the office's investment policies.](#)
