

Frequently Asked Questions

What does ABLE mean?

ABLE stands for “Achieving a Better Life Experience” and refers to savings and investment accounts that give people with disabilities and their families greater financial independence while preserving benefits. A high-quality, low-cost IL ABLE account can be opened by an eligible individual, or Authorized Individual, at any time, no matter what state you live in. IL ABLE Account Owners can save and invest their private funds without losing, or losing access to, federal means-tested benefits, such as SSI, SSDI and Medicaid.

Who is eligible to own an IL ABLE account?

A person with a disability is eligible to own an ABLE account if 1) the disability was present before the age of 26, and 2) the person is entitled to receive SSI or SSDI benefits or has a similarly severe disability certified in writing by a licensed physician. A person with a disability can open an IL ABLE account or an Authorized Individual can open it on the person’s behalf by providing authorizing documentation.

Will I lose SSI, SSDI or Medicaid if I have an IL ABLE account?

No. You will not lose, or lose eligibility for, federal benefits including SSI, SSDI, Medicaid and HUD. If you are an SSI recipient, you can save up to \$100,000 in your IL ABLE account and still receive your monthly SSI benefits. At \$100,000 SSI benefits are temporarily suspended until the account balance falls below \$100,000, and benefits resume. Account Owners will not have to reapply for SSI benefits. Even if the ABLE account exceeds \$100,000, beneficiaries will not lose Medicaid benefits.

What are the financial benefits of owning and contributing to an IL ABLE account?

Earnings and withdrawals on IL ABLE accounts are tax-free if they are used for qualified disability-related expenses. Eligible Illinois taxpayers can contribute to any IL ABLE account and take a state tax income tax deduction - up to \$10,000 if filing as an individual or \$20,000 if filing jointly. Consult with a tax advisor to discuss your specific situation.

What is a qualified disability-related expense?

A qualified disability expense is any expense related to the individual’s disability. The U.S. Treasury has indicated that the list of qualified disability expenses is not exhaustive and includes the following: • Education • Housing • Transportation • Employment training and support • Assistive technology • Personal support services • Health, Prevention and Wellness • Financial Management • Administrative services • Legal fees • Expenses for oversight and Monitoring • Funeral and burial expenses.

How much can I contribute to an IL ABLE account?

The annual contribution limit, in total, to an ABLE account is \$15,000. This amount includes all contributions from Account Owners, family members, friends and other third parties. Anyone can contribute to an IL ABLE account, as long as total contributions do not exceed the \$15,000 per year. If an Account Owner is working, he or she can contribute an additional amount based on what the IRS allows.

Can I work if I have an IL ABLE account?

Working Account Owners who do not already participate in an employer-sponsored retirement plan can contribute an additional amount above the annual \$15,000 contribution limit, equal to gross wages for the year or the poverty guidelines amount, whichever is lower. An IL ABLE account gives Account Owners incentive to work because earnings can be contributed, with limitations, to the account without worry about exceeding the asset requirement of federal means-tested benefits programs.

What about Medicaid recovery, also known as the “Medicaid claw back”?

Under Illinois state law, the Illinois Department of Health and Family Services (the Illinois Medicaid agency) is not permitted to recover certain benefits from an IL ABLE account upon the death of the Account Owner. However, federal law gives the Illinois state Medicaid agency authority to recover other kinds of benefits upon the death of an IL ABLE Account Owner after funeral, burial and outstanding disability expenses are paid. The specific Account Owners from whose estates state Medicaid agencies have the authority to seek recovery after death are those Account Owners who received Medicaid at the age of 55 or older, or who received coverage for certain Long-Term Services and Supports (LTSS) and were subject to Post Eligibility Treatment of Income rules (PETI). Check with your benefits specialist about your specific circumstances.

Do I have to live in Illinois to open an IL ABLE account?

No. Any qualified individual may open an IL ABLE account no matter what state he or she lives in. However, before enrolling in any other state's ABLE plan you should consider your state's plan first in case there are tax or other advantages to opening an account in your state. For example, Illinois taxpayers can contribute to any IL ABLE account and take a state tax income tax deduction – up to \$10,000 if filing as an individual or \$20,000 if filing jointly. Consult with a tax advisor to discuss your specific situation. Remember, you may only own one (1) ABLE account no matter what state's ABLE plan you are enrolled in.
