*Opportunity to Learn about Linked Deposit Program Improvements to Better Finance Agri-Business*

SPRINGFIELD – Illinois Treasurer Michael Frerichs announced today that he will host several roundtable meetings throughout the state to meet with farmers, bankers, and lenders to share details about the recent improvements to the Ag Invest Program. The roundtable events are free and open to the public.

“We encourage anyone who has a vested interest in agriculture to attend a roundtable event to find out more about financing their farm operations,” Treasurer Frerichs said. “The recent changes to the Ag Invest Program provide more financial support to help Illinois farmers succeed.”

The Ag Invest Program partners with approved financial institutions across the state to provide qualified farmers and agriculture professionals below market interest rate loans to start or enhance their farm operations.

In an effort to ensure the program was providing the best lending practices, the Treasurer’s Office made changes to the program. The changes went into effect on January 1, 2016.
