I. OVERVIEW

The Office of the Illinois State Treasurer ("Treasurer") is issuing this Request for Proposals ("RFP") for a desk/job audit firm to audit up to 200 employees for the Treasurer in coordination with its Department of Human Resources ("HR"). Interested firms must submit their Proposals by 12:00 p.m. CT on September 2, 2016. The Treasurer intends to select the Respondent with a strong desk/job audit track record, comprehensive research skills, and expertise in client counseling and human resource management. The successful Respondent ("Contractor") shall enter into a contract with the Treasurer ("Agreement") for an initial term of six (6) months. Upon expiration of this term, the Treasurer may elect to extend the Agreement for additional periods, not to exceed a total of two (2) years.

II. BACKGROUND

Illinois State Treasurer Michael W. Frerichs was sworn into office in January of 2015. This change in administration has affected the goals and focus of the Treasurer. As a result, HR made organizational and technical changes to address the needs of the new administration. Some of the changes that have occurred over the span of several administrations may have directly affected the operations of the Treasurer, thereby also affecting the job descriptions, duties performed, and associated pay scales.

During its review, HR noted that these cumulative changes have impacted the overall organizational and operational needs of the Treasurer. However, it is unclear exactly in what way and how great the impact these changes have been on employees’ duties and the duration of each task, whether the current job descriptions fully encompass actual duties, the relative importance of one job to another job, the knowledge, skills and abilities that are needed to perform any given job, the conditions under which the work is completed, whether the salary compensation for any given job is correct, and if the current staffing levels are valid. For a sample job description, please see Appendix A. Through HR’s review process, it concluded that a desk/job audit would be beneficial to the Treasurer.

The Treasurer is issuing this RFP to select a desk/job audit firm to conduct a desk/job audit on up to 200 employees and provide resulting observational, informational, qualitative and reporting services as requested by the Treasurer.

III. SCOPE OF WORK

The Contractor shall provide the following services (collectively, the “Services”):

A. Review current job descriptions and compare them for consistency to the actual duties being performed by up to 200 employees via questionnaire, interview, observation, and by allowing employees to provide additional explanation of their job duties or provide examples of work product and responsibilities;

B. Review via firsthand observations of the employee work process, the amount of salient
work being performed, the duration of the tasks, and the employee’s impact on his or her department’s operations;

C. Use findings to write a report that:

1. Analyzes whether any job positions are duplicative;

2. Analyzes each employee’s workload and whether an employee’s capacity is below or above the Treasurer’s expected levels;

3. Analyzes whether job duties and responsibilities for multiple positions can be best allocated to fewer positions with a higher pay range;

4. Analyzes whether certain position classifications are over- or under-staffed, making for an unbalanced workforce;

5. Analyzes whether current overall staffing levels are lower, meet, or exceed individual department needs;

6. Analyzes whether current job duties justify current pay levels, or if adjustments are recommended; and

7. Makes recommendations based on the analysis performed.

D. In a timely manner, provide detailed reports on the analytics and methodology used in execution of the Services that supports all findings and recommendations.
