Am I required to make estimated income tax payments?

You must make estimated income tax payments if you reasonably expect your 2015 tax liability to exceed \$500 after subtracting your Illinois withholding, pass-through withholding payments, and tax credits for

- income tax paid to other states,
- Illinois Property Tax paid,
- education expenses,
- the Earned Income Credit, and
- Schedule 1299-C, Income Tax Subtractions and Credits (for individuals).

You will likely need to make estimated payments if your income is either fully or partially exempt from Illinois withholding.

Complete the Estimated Tax Worksheet to figure your estimated tax and to determine if you are required to make estimated tax payments. If you plan to file a joint income tax return, you must figure your estimated tax on your joint income.

If you determine that you are required to make estimated payments, you should pay 100 percent of the tax. If your income changes during the year, you should complete the amended worksheet.

Note If you do not receive your income evenly throughout the year or if you must begin making estimated payments in midyear, see Form IL-2210, Computation of Penalties for Individuals, for further details on annualizing your income.

When are my payments due?

Your first estimated payment is due by April 15, 2015. You may either pay all of your estimated tax at that time or pay your estimated tax in four equal installments that are due on April 15, 2015; June 15, 2015; September 15, 2015; and January 15, 2016.

Note If you file on a fiscal-year basis, please adjust all the due dates to correspond to your tax year.

Are there any exceptions?

You do not have to make estimated payments if you are

- 65 years or older and permanently living in a nursing home or
- a farmer. We consider you a farmer if at least two-thirds of your total federal gross income is from farming.

What if I do not make my payments?

You may be assessed a **late-payment penalty** if you do not pay the required estimated payments on time. We will apply each payment to the earliest due date until that liability is paid, unless you provide specific instructions to apply it to another period. However, if you pay at least 90 percent of this year's tax or at least 100 percent of last year's tax in four equal timely installments, you may not be subject to this penalty.

For more information about penalties and interest, see Publication 103, Penalties and Interest for Illinois Taxes.

What if I need additional assistance?

If you need assistance,

- visit our website at tax.illinois.gov;
- call our Taxpayer Assistance Division at **1 800 732-8866, 217 782-3336**; or

Payment Coupon (IL-501) and Instructions

2015

This form is for limited use only

Most withholding payments should be made electronically or with preprinted, personalized forms — not the form below.

For your payment to be applied quickly and accurately to your account, either

- electronically pay on our website at tax.illinois.gov, or
- order personalized, preprinted forms by calling us at the numbers listed below.

Who should use this payment coupon?

Use this payment coupon to pay the Illinois Income Tax you withheld if

- you are a **NEW** business and have not received your registration information from us yet; or
- you are an existing business and
 - 1) cannot electronically pay (see "May I pay electronically?"); or
 - 2) do not use a tax professional or tax prep software; or
 - 3) have ordered but not yet received personalized payment coupons from us.

Do not use this payment coupon on a regular basis.

Important: If you have been notified that you are required to make semi-weekly payments, you must make your payments *electronically*.

When are my payments due?

Most taxpayers who use payment coupons are considered monthly payers. Monthly payers must pay by the 15th day of each month for amounts withheld the preceding month. You may pay more frequently using one of our electronic methods or preprinted payment coupons. **Do not** use your return, Form IL-941, to pay more frequently.

If you exceed \$12,000 in withholding during a quarter, you must begin using the semi-weekly payment schedule for the following quarter, the remainder of the year, and the subsequent year. In addition, you must make your payments **electronically**.

IL-501 Front (R-12/14)

See Publication 131, Withholding Income Tax Payment and Filing Requirements, for more information. **Do not** make a payment if no Illinois income tax was withheld.

When is income tax considered withheld?

In Illinois, income tax is considered withheld on the date you pay your employees or others. This is important to determine when your payment is due. **Do not** estimate your withholding income tax. Pay the exact amount you actually withheld from your employees or others.

How much should I pay?

The amount you pay is dependent upon the amount you withhold from your payee (refer to IL-700-T) minus any credit amounts received from the Department of Commerce and Economic Opportunity (DCEO) or the Department of Revenue.

May I pay electronically?

Yes. We encourage you to pay electronically.

- **MyTax Illinois** on our website at tax.illinois.gov offers an easy, convenient, and fast way to submit payments at any time. You can schedule the dollar amount, debit date, and tax period. No software is required and it is available 24 hours a day, 7 days a week.
- **TaxNet or Federal State Employment Tax (FSET)** programs allow you to directly debit your bank account.
- **Other electronic** options (You must complete Form EFT-1, Authorization Agreement for Certain Electronic

Payments.):

ACH credit — instructs your financial institution to transfer funds from your account to ours.

ACH debit telephone option — is your instruction to us to take the payment from your account.

Visit our website at tax.illinois.gov for more information regarding our electronic options, call **217 782-6257**, or email us at rev.taxpay@illinois.gov.

What penalties may be assessed?

To avoid penalties, all tax withheld must be paid by each payment due date. We may ask you to provide payroll information.

You will owe a **late-payment penalty** if you are required to make annual, monthly, or semi-weekly tax payments and do not pay the required amounts by the payment due dates. A **bad check penalty** of \$25 will be assessed if you send a remittance that is not honored by your financial institution. This penalty will be assessed in addition to any other penalty. For more information about penalties and interest, see Publication 103, Penalties and Interest for Illinois Taxes.

Where do I get help?

IL-505-B Automatic Extension Payment

What is the purpose of Form IL-505-B?

Form IL-505-B, Automatic Extension Payment, provides taxpayers who are unable to file their business income tax return by the due date a means of calculating and remitting their tentative tax liability on or before the original due date of the return (see "When should I file and pay?").

Who must file Form IL-505-B?

You must file Form IL-505-B if **all** of the following apply to you:

- you are required to file Form IL-1120, IL-1065, IL-1120-ST, IL-1041, or IL-990-T, and
- you cannot file your annual tax return by the due date, and
- you complete the Tax Payment Worksheet on the back of this page and determine that you will owe a tentative tax.

If Line 10 of the worksheet shows you owe tentative tax, pay the full amount due either by filing and paying with this form or by making your payment electronically. **An extension of time to file does not extend the amount of time you have to make your payment.**

Do not file Form IL-505-B if:

- after completing the Tax Payment Worksheet, you find that you **do not owe additional tax**, or
- you make your **extension payment** electronically.

Unitary group: If you are a member of a unitary business group that is filing a combined return, your designated agent must complete one Form IL-505-B for the entire group as though it is one taxpayer.

Federal consolidated group: If you are a member of a federal consolidated group, you must file a separate Form IL-505-B for each member that is required to file an Illinois tax return. We will not grant "blanket" or consolidated extensions.

Note Please be aware that if an unpaid liability is disclosed when you file your return, you may owe penalty and interest charges in addition to the tax. See "What are the penalties and interest?"

What are the extensions?

Automatic Illinois extension — We grant you an automatic six-month (seven-month for corporations) extension to file your annual return whether or not you request the automatic extension. You are not required to file Form IL-505-B to obtain this extension if no tentative tax is due.

Additional federal extension beyond six months — We will grant you an additional extension to file of more than six months (seven months for corporations) if the Internal Revenue Service (IRS) grants you an additional extension.

If you do not owe any tentative tax, you are not required to file Form IL-505-B. However, you **must attach** a copy of the approved federal extension to your annual return when you file it.

When should I file and pay?

You must file your completed Form IL-505-B and pay any tentative tax amount you owe by the original due date of your tax return or as soon as you realize you owe tentative tax. This includes annual and short-year returns. The due date depends on the type of tax return that you file. Refer to the following list of return due dates.

All dates refer to the months following the close of the taxable year.

For	Due date
• corporations, subchapter S corporations	the 15th day of the 3rd month
• partnerships, fiduciaries, exempt organizations (employee trusts only)	the 15th day of the 4th month
• exempt organizations (all others)	the 15th day of the 5th month
• cooperatives	the 15th day of the 9th month

Note If you file federal Form 1120, U.S. Corporation Income Tax Return, and the original due date is later than the 15th day of the 3rd month, your Form IL-1120 and your payment will be due at the same time as your federal Form 1120.

Make your check or money order payable to "Illinois Department of Revenue." Be sure to write your **FEIN, tax year, and "IL-505-B"** on your payment. Mail your Form IL-505-B, with your payment, to

**ILLINOIS DEPARTMENT OF REVENUE

Special Note You may be required to make your payments electronically. For more information, see Informational Bulletin FY 2011-01.

What are the penalties and interest?

Penalties — You will owe

- a **late-filing penalty** if you do not file a processable return by the extended due date;
- a **late-payment penalty** if you do not pay the tax you owe by the original due date of the return;
- a **bad check penalty** if your remittance is not honored by your financial institution.

Interest is calculated on tax from the day after the original due date of your return through the date you pay the tax.

What is the purpose of Form IL-505-I?

The purpose of Form IL-505-I, Automatic Extension Payment, is to provide taxpayers who are unable to file their tax return by the due date a means of calculating and remitting their tentative tax liability (including any other taxes you will report on your Form IL-1040) on or before the original due date of the return (see "When should I file and pay?").

Who must file Form IL-505-I?

You must file Form IL-505-I if **all** of the following apply to you:

- you cannot file your tax return by the due date, **and**
- you will owe a tentative tax (complete the Tax Payment Worksheet on the back of this page to determine this), **and**
- you submit your payment by paper check or money order (i.e., you do not use any electronic means, such as electronic funds transfer, to make your payment).

If Line 7 of the worksheet shows you owe tentative tax, you must pay the full amount due by the original due date of the return. **An extension of time to file does not extend the amount of time you have to make your payment.**

Do not file Form IL-505-I if:

- after you complete the Tax Payment Worksheet, you find that you do not owe additional tax, or
- you make your extension payment electronically by credit card, electronic funds transfer (EFT), or bank account debit.

Note If an unpaid liability is disclosed when you file your return, you may owe penalty and interest charges in addition to the tax. See "Will I owe penalties and interest?"

What are the extensions?

Automatic Illinois six-month extension

We automatically grant you a six-month extension of time to file your tax return. For calendar year filers, the filing date is automatically extended to October 15. You are not required to file Form IL-505-I to obtain this automatic extension. However, you must pay any tentative tax due by the original due date of your return in order to avoid any late-payment penalty and interest on unpaid tax.

Additional extension beyond six months

If you cannot file your tax return within the automatic six-month extension period, we will grant you an extension of more than six

months to file only if the Internal Revenue Service (IRS) grants you an additional extension.

When should I file and pay?

If you owe any tentative tax, and you pay with a paper check or money order, file Form IL-505-I along with your payment on or before the original due date of your annual return, or as soon as you realize you owe tentative tax.

Where should I file?

Mail your Form IL-505-I to: **Illinois Department of Revenue, P.O. Box 19005, Springfield, Illinois 62794-9005.** Make your check or money order payable to "Illinois Department of Revenue."

Be sure to write your Social Security number, tax year, and "IL-505-I" on your payment.

Will I owe penalties and interest?

You will owe a

- **late-filing penalty** if you do not file a processable return by the extended due date,
- **late-payment penalty** if you do not pay the tax you owe by the original due date of the return, and
- **bad check penalty** if your remittance is not honored by your financial institution.

You will owe **interest** on tax from the day after the original due date of your return through the date you pay the tax. We will bill you for penalties and interest.

For more information about penalties and interest, see Publication 103, Penalties and Interest for Illinois Taxes. To receive a copy of this publication, see "What if I need additional forms or assistance?" on the back of this form.

What should I attach to my Form IL-1040?

If you file your return within the automatic six-month extension period, do **not** attach anything to your return to explain your delayed filing. If you file your return after the automatic six-month extension period and the IRS grants you an extension of more than six months, you must attach a copy of the document granting your federal extension to your tax return to avoid a late-filing penalty.

Note Be sure to claim any Form IL-505-I payments on your 2014 Form IL-1040, Line 27.
