II. BACKGROUND

As the state’s Chief Investment Officer, the Treasurer is charged with providing investment stewardship, treasury, cash management, and investment support to Illinois government agencies, boards and commissions in a manner that provides the most advantageous solution to their individual needs. The Treasurer manages State Investments while providing the necessary liquidity to meet the State’s daily obligations and investing remaining funds in authorized short/long-term investment opportunities. The balance of the State Portfolio is approximately \$32 billion as of March 31, 2024.

The Illinois General Assembly created the first local government investment pool in 1975 so communities statewide could invest their money together to earn greater returns. The Illinois Funds is designed to ensure the safety of principal, provide liquidity to pay obligations, and provide the highest investment return using authorized investments. The Illinois Funds’ balance is approximately \$19.8 billion as of March 31, 2024.

The Treasurer serves as trustee and administrator of the Illinois College Savings plans and its investment pools (“College Savings Pool”). The College Savings Pool includes the Bright Directions College Savings Program (“Bright Directions”) as well as the Bright Start Direct College Savings Program and the Bright Start Advisor College Savings Program (collectively, “Bright Start”). Bright Start and Bright Directions are savings vehicles intended to provide for the qualified higher education expenses of beneficiaries under Section 529 of the Internal Revenue Code of 1986, as amended (the “Code”). The College Savings Pool receives no appropriations from the State of Illinois.

Bright Start and Bright Directions offer enrollees a variety of investment options that suit

individual needs and preferences. Participants have the freedom to create their own investment portfolio or choose a premixed portfolio that automatically rebalances, based on the beneficiary’s educational time horizon. Participants also have the ability to diversify their portfolio by age, risk profile, and asset class. The range of choices are based on their risk tolerance, and they may be able to choose from actively or passively managed funds, as well as proprietary or non-proprietary funds.

College Savings Pool assets are invested in portfolios provided through the College Savings Pool’s program managers in accordance with the Treasurer’s Bright Start and Bright Directions investment policy statements. The program managers also provide administrative services, customer service and recordkeeping, marketing, and distribution. The Contractor will be expected to work closely with the Treasurer and College Savings Pool program managers in the evaluation and provision of investment services.

As of March 31, 2024, the College Savings Pool includes the following plan information:
