I. OVERVIEW

The Office of the Illinois State Treasurer ("Treasurer") is issuing this Request for Proposals Securities Litigation Monitoring, Evaluation, and Reporting ("RFP") for qualified vendors ("Respondents") to provide securities litigation monitoring, identify opportunities to recover any losses, and file any claims on the Treasurer’s behalf in order to participate in any securities fraud or anti-trust recovery or settlement or other eligible recovery vehicle. The Treasurer intends to retain either a securities class action monitoring and evaluation provider or a law firm, or a combination thereof. The Treasurer may make more than one award pursuant to this RFP. The selected Respondent(s) ("Contractor(s)”) will be responsible for, among other things, obtaining the Treasurer’s historical holdings ownership and trading information directly from its program managers, custodial banks, and contractors identifying and evaluating cases in which the Treasurer may have a qualifying financial interest, and notifying the Treasurer of those cases, as well as any case in which the Treasurer should consider seeking the status of lead plaintiff in a domestic securities litigation case. The Contractor(s) will be required to provide at minimum a monthly report and/or have a litigation monitoring portal, to which access will be provided to personnel designated by the Treasurer.

Proposers should be aware that in order for the Treasurer to pursue active involvement in a securities or other litigation matter, the Treasurer must first obtain approval from the Illinois Office of the Attorney General ("AG"). Further, any selection by the Treasurer of litigation counsel, if deemed appropriate by the AG, must be reviewed and approved by the AG. The AG also must approve the compensation to be paid to such litigation counsel. Any law firm(s) that may be selected to provide monitoring and securities litigation evaluation and reporting services may not automatically be recommended or selected as litigation counsel.

The Treasurer intends to select the Respondent with the Proposal that best suits the Treasurer’s needs in the most cost-efficient manner. The successful Contractor(s) shall enter into a contract with the Treasurer ("Agreement") for an initial term of two (2) years. Upon expiration of this term, the Treasurer may elect to extend the Agreement for a period of time agreed upon by the parties, not to exceed a total of ten (10) years, including the initial two (2) years.

II. BACKGROUND

Pursuant to Article V, Section 18 of the Illinois Constitution, the Treasurer is responsible for the safekeeping and investment of monies and securities deposited with him, and their disbursement upon order of the Illinois Office of the Comptroller. As of January 2020, the Treasurer oversees a total investment portfolio totalling approximately $32 billion. These investments are spread over a variety of investment pools with varying objectives. Those investment programs relevant to this RFP (collectively, the “Investment Programs”) are the following:
**State Investments** – As the state’s chief investment officer, the Treasurer is charged with providing treasury, cash management, and investment services to Illinois government agencies, boards and commissions in a manner that provides the most advantageous solution to their individual needs. The Treasurer manages State Investments, with assets of approximately $12-$15 billion, providing the necessary liquidity to meet the State’s daily obligations while investing remaining funds in authorized short/long-term investment opportunities. The Huntington National Bank, the Illinois National Bank (“INB”) provide custody and safekeeping services for the State Investments. INB is also used for the safekeeping of assets purchased by our external investment managers, Garcia Hamilton and Associates and Ramirez Asset Management.

**College Savings Plans** – For the College Savings plans (Bright Start and Bright Directions), the program manager is Union Bank and Trust. In the college savings plans, there are currently three separately managed accounts (SMA): the Northern Trust Stock Index Fund, Northern Trust Small Cap Value Fund, and the T. Rowe Price Large Cap Growth Fund. Northern Trust serves as the custodian of the Northern Trust separately managed accounts and also provides class-action monitoring and collection of proceeds related to both of these accounts. State Street Global Advisors serves as the custodian for the T. Rowe Price Large Cap Growth Fund; and Union Bank and Trust subcontracts Broadridge Investor Communication Solutions to conduct securities class-action monitoring and collections of proceeds related to this account. Outside these SMAs, investment options available to individual participants consist of multiple open-end mutual funds, target date funds, and index funds.

**The Illinois Funds** – The Illinois General Assembly created the first local government investment pool in 1975 so communities state-wide could invest their money together to earn greater returns. Today, the pool is called The Illinois Funds, and it holds approximately $5-6 billion in assets. The Illinois Funds is designed to ensure the safety of principal, provide liquidity to pay obligations, and provide the highest investment return using authorized investment instruments. US Bancorp Funds Services, LLC provides accounting, administration and transfer agent services (custody) to The Illinois Funds.

**Illinois Growth and Innovation Fund** – The Illinois Growth and Innovation Fund (“ILGIF”) is an impact investment fund that invests in ways that are intended to attract, assist and retain quality technology businesses in Illinois. In August 2018, the Treasurer announced an increase to the amount of investment capital available in ILGIF, increasing the total to over $700 million in investment capital from the State’s existing investment portfolio to be invested with Illinois venture capital, growth equity and private debt investment firms, with a goal of investing in technology businesses seeking to locate, expand or remain in Illinois. Investments are allocated in fund vehicles through negotiated limited partnership agreements.

**Secure Choice Retirement Savings Program** – Secure Choice is a retirement savings tool for workers in Illinois that do not have access to a workplace retirement savings option. Secure Choice participants are automatically enrolled into a default target date
Roth IRA with a default payroll deduction of five percent. Participants may choose a different fund option, contribution amount, or can opt-out of the program altogether. Accounts are owned by individual participants and are portable. The Program Manager for Secure Choice is Ascensus College Savings Recordkeeping Services, LLC. Investment options available to individual participants consist of multiple open-end mutual funds, target date funds, and index funds.

**Illinois ABLE Savings Program** – The Illinois Achieving a Better Life Experience ("ABLE") Program is a federally tax-advantaged savings program that enables people with disabilities and their families to save for disability-related expenses to maintain and improve health, independence and quality of life. ABLE is similar to 529 College Savings programs, in that money can be invested for future qualified expenses via professionally designed investment account options. However, distinct from 529 College Savings accounts, money can be contributed to a checking account option for current expenses related to living with a disability. As long as funds are used for qualified disability expenses there are no tax penalties for withdrawals from the accounts. The Program Manager for ABLE is Ascensus College Savings Recordkeeping Services, LLC. Investment options available to individual participants consist of multiple open-end mutual funds, target date funds, and index funds.

**Unclaimed Property** – The Unclaimed Property program is a consumer protection originally enacted in 1961 and revised effective January 1, 2018. Under this Act, the Treasurer is tasked with safeguarding unclaimed property, such as unpaid life insurance benefits, forgotten bank accounts, uncashed rebate checks, and securities such as stock and mutual fund shares. The goal of the division is to reunite owners and/or their heirs with their assets. All cash remitted to the division is deposited into the Unclaimed Property Trust Fund while securities are held in custody with BNY Mellon. If a claim for shares held is not filed within three (3) years following remittance, the securities may be sold with the proceeds credited to the owner(s) property record on the Unclaimed Property database. If a claim is filed while securities are held, the shares are transferred back to an owner or heir. All dividends generated during the time securities are held by the division are credited to the owner of record.

At the time of this RFP, the programs for which the Treasurer currently requires the Services are State Investments, College Savings, the Illinois Funds, ILGiF, and Unclaimed Property; however the Treasurer may later choose to add the other programs referenced above or add new investment programs and may therefore select a Respondent based on its ability to provide Services related to all such programs. Any vendors referred to herein may be changed in the future; however, the Treasurer would notify the Contractor of any such change that would affect the Services.
